# Cyber Security Information

## Full Scope Pen Testing

**Our Approach**

We simulate real-world attacks to identify vulnerabilities before criminals do. Engagements are tailored to your business size, risk profile, and compliance needs.

---

**Core Services**

- **External Testing** – Attacks from the internet targeting public-facing systems.
- **Internal Testing** – Simulates an insider threats.
- **Web App Testing** – Finds OWASP Top 10 issues (SQLi, XSS, broken access control).
- **Wireless Testing** – Detects rogue access points, weak encryption, protocol flaws.
- **Physical Security** – Tests locks, access controls, and social engineering.
- **Social Engineering** – Phishing, pretext calls, and impersonation campaigns.

---

**Reporting**

- CVSS-based severity ratings (0-10 safety rating, also ranges from Low, Medium, High & Critical)
- Clear remediation steps
- Executive summary + technical details

---

**Why Us?**

- Realistic attack simulations
- Actionable insights
- Compliance-ready documentation
- Certified experts

---

**Pricing**

£900 – £1,400 per day

# Vulnerability Testing Options

**One-Off Assessments**

- Complete scan of systems
- Detailed PDF report
- Remediation guidance

| Environment Size | Price Estimate |
|---|---|
| Small (under 10 devices) | From £250 |
| Medium (up to 50 devices) | £450 - £600 |
| Large (100+ devices) | £750 - £950 |

---

**Monthly Scanning**

- Regular Nessus scans
- Raw or interpreted reports
- Proactive risk management

| IP Range | Monthly Price |
|---|---|
| 4 IPS | £20 |
| 16 IPS | £38 |
| 64 IPS | £75 |
| 128 IPS | £120 |

# Dark Web Monitoring

- Scan Breach Databases
- Detect exposed credentials
- Receive Alerts of risks
- Early warning of credential leaks
- Reset compromised accounts
- Resolve Incidents

---

**Pricing**

£12.99 Monthly, Per Domain

# AI Driven Incident Response Planning

**Live Simulation**
Interactive Scenarios

---

**AI Branching Outcomes**
The AI generates possible outcomes to predict unpredictable outcomes

---

**Action Plan**
Detailed response plan documentation provided

---

**Pricing**

| Duration | Price |
|---|---|
| 2 Hours | £600 |
| 4 Hours | £1000 |

# Phishing Simulations

**Customised Attacks**
Realistic looking phishing emails can be sent monthly to see if employees fall for them

---

**Automated Training**
If an employee clicks the link in the fake phishing email, they will be shown training videos on how to spot a phishing email so it doesn't happen again.

---

**Performance Metrics**

You will have access to detailed reporting to see who has clicked the links and if a specific group is more susceptible to clicking.

---

**Pricing**

TBC

# Cyber Essentials Certification

**Basic Certification**
Entry-level Cyber Essentials support

**Cyber Essentials + Package**
Comprehensive security audit included

**Insurance Reduction**

With a Cyber Essentials Certification the customer will receive a reduction in cyber insurance premiums

**Pricing**
**£340 - £540** (Based on size)
8 Hours of consultancy also required at **£130/hr (£1040 Total)**

# Cyber Awareness Training

**Interactive Sessions**
By engaging employees with interactive sessions, it makes the information more memorable, reducing risk of employees making cyber-security mistakes

**Practical Examples**
Real examples of attacks and defence strategies, by informing employees of large-scale cyber-attacks it brings it into their heads and allows them to think about how if a massive company (M&S, Jaguar ect) can get hacked, how will their systems survive an attack.....

**Flexible Delivery**

The customer will have the choice between an in person training session, or a video call.

**Pricing**

| Users | Price |
|---|---|
| Up to 10 | £400 |
| Up to 20 | £650 |

# 24/7 Threat Protection

**What is it?**
Fully managed service providing continuous monitoring, threat detection, and incident response.

**Large Teams to support customers**
Team of over 350 Sophos cyber security experts protecting your business round-the-clock

**Trustworthy**

Trusted by 17,000+ organisations globally.

**Pricing**
